

GovCon BD Upskilling Program

Executive Summary for Leadership Approval

Executive Summary

The GovCon BD Upskilling Program is a 30-day, live instructor-led training that teaches non-BD employees to actively support business development. By training operations, program, and delivery staff to recognize opportunities and support capture efforts, companies can significantly increase their pipeline coverage without hiring additional BD staff.

Investment: \$3,999 per employee | **Effective Cost:** \$0 (via IRS Section 127) | **ROI:** 50x-250x

The Business Problem

Most GovCon companies face these challenges:

BD Coverage Gap

- BD team stretched thin across opportunities
- Delivery staff miss opportunity signals
- Customer intelligence stays siloed
- Recompete preparation starts too late

Hidden Revenue Loss

- Opportunities discovered too late to capture
- Weak proposals due to limited input
- Competitors with better customer intel win
- One missed contract = millions in lost revenue

The Solution

Train your existing staff to support BD efforts:

What Employees Learn

- Recognize and escalate opportunity signals
- Gather competitive intelligence appropriately
- Support capture planning and proposals
- Use free public tools (SAM.gov, FPDS, USAspending)

Program Format

- 30 days, 4 weeks
- 8 live instructor-led sessions
- 2-3 hours/week commitment
- Certificate of Completion

Return on Investment

Direct Revenue Impact

Indirect Value

Metric	Value
Average federal contract value	\$2M - \$10M
Industry win rate (baseline)	30%
Win rate improvement with training	+5-10%
Training cost (10 employees)	\$39,990
ROI from one additional win	50x - 250x

Sources: RWCO Industry Survey (30% win rate), Lohfeld Consulting (training impact), HigherGov 2022 Report (contract values)

- **Better recompute positioning** — Earlier intel, stronger incumbency
- **Improved proposal quality** — More input from customer-facing staff
- **Employee retention** — Career development reduces turnover (\$15-25K per replacement)
- **Institutional knowledge** — BD skills distributed across organization

Cost Analysis: \$0 Effective Cost
