### HOW TO SCORE

- Check each box where the candidate MEETS the requirement
- Each deliverable needs ALL boxes checked to pass
- Candidate must pass ALL 4 deliverables to earn certification
- If any box is unchecked, provide brief feedback for revision

### Deliverable 1: Opportunity Qualification Summary

| ✓                        | Requirement                                                                             |
|--------------------------|-----------------------------------------------------------------------------------------|
| <input type="checkbox"/> | <b>Pursuit recommendation is stated</b> (Green/Yellow/Red) with clear rationale         |
| <input type="checkbox"/> | <b>3 risks are identified</b> that are specific to this opportunity (not generic)       |
| <input type="checkbox"/> | <b>Each risk has a mitigation</b> that is actionable and realistic                      |
| <input type="checkbox"/> | <b>Pwin estimate is reasonable</b> (15-45% range given the scenario) with justification |
| <input type="checkbox"/> | <b>Must-win conditions are specific</b> — not vague statements like “we need to win”    |

Pass: All 5 boxes checked

Feedback (if revision needed):

### Deliverable 2: Competitive Analysis

| ✓ | Requirement |
|---|-------------|
|---|-------------|

|                          |                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> | <b>Incumbent strengths are realistic</b> — based on scenario info (6 years experience, low cost)           |
| <input type="checkbox"/> | <b>Incumbent weaknesses are accurate</b> — based on scenario (dated tech, high turnover, mediocre ratings) |
| <input type="checkbox"/> | <b>Second competitor is plausible</b> — realistic company profile, not invented superpowers                |
| <input type="checkbox"/> | <b>Own strengths are mapped to competitor weaknesses</b> — shows strategic thinking                        |
| <input type="checkbox"/> | <b>Own vulnerabilities are honestly acknowledged</b> — not just “we have no weaknesses”                    |
| <input type="checkbox"/> | <b>Ghosting strategy is ethical</b> — highlights own strengths, doesn’t attack competitors directly        |

Pass: All 6 boxes checked

Result:

Feedback (if revision needed):

### Deliverable 3: Win Theme Development

| ✓                        | Requirement                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> | <b>3 distinct win themes provided</b> — not variations of the same theme                         |
| <input type="checkbox"/> | <b>Each theme addresses a specific customer pain point</b> from the scenario                     |
| <input type="checkbox"/> | <b>Each theme has a proof point</b> — something the company can actually demonstrate             |
| <input type="checkbox"/> | <b>Each theme states a customer outcome</b> — benefit to the VA, not just a feature              |
| <input type="checkbox"/> | <b>Themes are specific, not generic</b> — no “we provide excellent service” type statements      |
| <input type="checkbox"/> | <b>Themes are realistic for the company profile</b> — doesn’t claim capabilities not in scenario |

Pass: All 6 boxes checked

Result:

Feedback (if revision needed):

## Deliverable 4: Customer Engagement Plan

| ✓                        | Requirement                                                                                 |
|--------------------------|---------------------------------------------------------------------------------------------|
| <input type="checkbox"/> | <b>At least 3 stakeholder roles identified</b> (e.g., Program Manager, COR, End Users, CIO) |
| <input type="checkbox"/> | <b>Stakeholder importance is explained</b> — why each matters to the pursuit                |
| <input type="checkbox"/> | <b>Engagement activities are specific</b> — not just “meet with customer”                   |
| <input type="checkbox"/> | <b>Timeline is realistic</b> — activities spread across the 45-day window                   |
| <input type="checkbox"/> | <b>Information needs are identified</b> — what intelligence they want to gather             |
| <input type="checkbox"/> | <b>Ethical boundaries are stated</b> — shows understanding of procurement integrity rules   |

Pass: All 6 boxes checked      Result:
